**Sponsors:** Senate (Ginal/Rankin), House (Snyder/Hanks)  
**Committee of Reference:** Senate Local Government

**Bill Status:** Introduced on April 29<sup>th</sup> and assigned to the Senate Local Government Committee.

**Title:** Concerning the administration of state assistance programs to mitigate the risk of wildfire, and, in connection therewith, creating the wildfire mitigation capacity development fund and the hazard mitigation fund; transferring money into specially designed wildfire funds; and making an appropriation.

**Summary:** The bill creates two funds. First is the wildfire mitigation capacity development fund. Money for this fund is continuously appropriated to the DNR for a number of wildfire related programs. The second is the hazard mitigation fund to assist local jurisdictions in obtaining the matching funds required for certain federal grants.

The bill directs the following transfers and appropriations:

- \$5 million from the General Fund to the healthy forests and vibrant communities fund;
- \$2.5 million from the General Fund to the wildfire risk mitigation revolving fund for loans issued by the wildfire risk mitigation loan program;
- \$17.5 million from the General Fund to the wildfire mitigation capacity development fund;
- \$3 million from the wildfire preparedness fund to the hazard mitigation fund; and
- \$600,000 from the wildfire preparedness fund and \$1.2 million from the Colorado firefighting air corps fund to the wildfire emergency response fund.

Additionally, the bill allows the state forest service to issue forest restoration and wildfire risk mitigation grants for projects on federal lands. The bill also generously expands the allowable uses of the forest restoration and wildfire risk mitigation grant program by allowing the program to fund capacity-building efforts for local governments, community groups, and collaborative forestry efforts.

**SWCD Position:**    **Monitor****CWC Position:**    **No Position****Sponsors:**        Senate (Coram)**Committee of Reference:**    Senate Agriculture & Natural Resources**Bill Status:**        Postponed indefinitely by the Senate Agriculture and Natural Resources Committee.**Title:**                Concerning the creation of an enterprise that is exempt from the requirements of section 20 of article X of the state constitution to administer a fee-based water resources financing program.**Summary:**            This bill creates the water resources financing enterprise. The board of the enterprise would consist of the combined boards of the Colorado Water Resources and Power Development Authority and the Colorado Water Conservation Board. The enterprise will provide financing (including grants and low interest loans) to drinking water suppliers, wastewater treaters, and

raw water suppliers. "Raw water suppliers" are limited to those providing raw water for treatment and use as drinking water.

The enterprise would be funded with a \$0.25/1000 gal. fee above 4,000 gal./mo. minimum on drinking water bills. The fee would be collected by drinking water utilities and remitted to the state. As a fee-based enterprise, new revenues collected would not be included in any TABOR calculations for state budget caps. Fees may be adjusted annually for inflation and to address "certain equity concerns."

Although clearly established as an enterprise fund, voters will be asked in November 2022 to authorize the creation of the enterprise.

**Bill Status:** Postponed indefinitely by Senate Agriculture and Natural Resources.

**Title:** Concerning the "Uniform Easement Relocation Act".

**SB21-189**      **Colorado Water Conservation Board Construction Fund Project**

---

**SWCD Position:** **Support**

**CWC Position:** **Support**

**Sponsors:** Senate (Donovan), House (Arndt)

**Committee of Reference:** Senate Agriculture and Natural Resources

**Bill Status:** Passed out of the Senate and assigned to the House Agriculture, Livestock and Water Committee.

**Title:** Concerning the funding of Colorado Water Conservation Board projects, and, in connection therewith, making an appropriation.

**Summary:** SB 189 is the annual construction fund bill for CWCB projects' authorizations. In addition to a pared-down list of authorized operations expenditures (e.g., weather modification, flood plain mapping), this year's bill allows a transfer of up to \$2,000,000 to the interstate litigation fund. It also authorizes the CWCB to make a loan up to \$3,000,000 to assist the confined aquifer recovery project in the San Luis Valley. Finally, in a much shorter than normal projects' bill, Section 7 conditionally reinstates funding for the water efficiency grant program with \$550,000 annually if the general assembly chooses not to spend 100% of the money in the operational fund on core departmental programs.

**SB21-220**      **Reverse Transfers from Severance Tax Operational Fund**  
**(PASSED & SIGNED BY GOVERNOR)**

---

**SWCD Position:** Support  
**CWC Position:** Discussion  
**Sponsors:** Senate (Hansen, Rankin), House (Herod)  
**Committee of Reference:** Senate Appropriations

**Bill Status:** Passed out of Senate unamended and awaiting House Third Reading.

**Title:** Concerning the stabilization of revenue in the severance tax operational fund by returning money that was transferred to natural resources and energy grant programs.

**Summary:** Money in the severance tax operational fund is primarily used for two purposes. The General Assembly annually appropriates money from the operational fund for several core departmental programs. If money remains after these core appropriations and the reserve requirement for the core programs is met, then the state treasurer transfers money to several funds that support natural resources and energy grant programs. (These used to be called “Tier II” programs.)

Based on recent forecasts, there will be insufficient revenue in the operational fund for even the core departmental programs. To avoid a fund deficit in the operational fund, this JBC bill reverses five transfers made in the following amounts:

\$1,998,205 for the Species Conservation Trust Fund (SCTF);  
\$1,600,964 for CPW’s aquatic nuisance species (ANS) fund;  
\$219,803 for the CWCB’s water efficiency grant program cash fund;  
\$297,759 for the Inter-Basin Compact Committee’s (IBCC) operating fund; and  
\$3,996,410 for the water supply reserve fund (WSRF).

**Committee of Reference:** House Agriculture, Livestock & Water

**Bill Status:** Passed as amended out of the House and Senate Ag and Natural Resources Committee, awaiting Senate First Reading on April 20<sup>th</sup>.

**Title:** Concerning the use of a water right obtained through a mutual ditch corporation.

**Summary:** The House Ag. Committee unanimously voted to adopt the sponsors' amendment rewriting the entirety of HB21-1046. The strike below (SBEC) amendment resulted from extensive stakeholder outreach and collaboration at the State Affairs Committee of CWC. The resulting SBEC amendment reflects a consensus compromise for a workable bill addressing the most troubling elements of recent water court rulings. The amended bill clarifies that, subject to the Articles of Incorporation and Bylaws of the corporation:

- When stockholder demand exceeds supply, mutual ditch corporations may limit or otherwise rotate delivery of water ratably among the stockholders;
- When a stockholder is not using some of or all of the available water under the stockholder's shares, the remaining stockholders taking delivery of water through the ditch may use any unused portion of the water that would otherwise have been available to that stockholder's shares, absent certain exceptions; and
- The provision is not intended to prevent a stockholder from changing the use of the water rights represented by the stockholder's shares, create any impediments to changes in use, affect storage water rights, or change the standards for water court approval to change a water right.
